It suddenly caught me and
I'm doin' it again
Wonderin' why you and I
Can't be friends
Oh but then

If you tried, it seems
I'd have known when
But there ain't no more
You've shut the door
It's the end

Of a bittersweet love
One that called us to play
But we had cryin' and sighin' every day
Bittersweet love
How we fell to it's prey
And you know that cryin' and sighin' ain't
The way

Oh, baby, maybe
Someday we'll understand
Where the love we saw
Dreams and all fit in the plan

Bittersweet love
One that called us to play
But we had cryin' and sighin' every day
Bittersweet love
How we fell to its prey
But you know that cryin' and sighin' ain'y
The way
