Well I sure am glad  
That I found you  
I sit in class and say  
When'll that school bell ring  
It sure is different  
When you know somebody loves you  
And honey, you stole my heart  
And that's everything

Come on  
Ah, it's love  
I sure have found  
Oh boy, come on  
I feel my head go round and round  
Oh, come on

Saturday night's the last dance  
Then it's summer  
We're gonna get all dressed up  
And do the town  
You're the spark  
That sets my heart dancin'  
Just watch me  
When the rhythm starts goin' down

Come on  
Ah, it's love  
I sure have found  
Oh boy, come on  
I feel my head go round and round  
Oh, come on

Come on  
Ah, it's love  
I sure have found  
Oh boy, come on  
I feel my head go round and round  
Oh, come on

It doesn't take much  
Of your sweet touch

And I'm in heaven  
And let it be known  
You sure have grown on me  
So come on bell  
I got someone to tell  
I love  
Ain't it funny how things  
Can happen so suddenly

Come on  
Ah, it's love  
I sure have found  
Oh boy, come on  
I feel my head go round and round  
Oh, come on

Come on  
Ah, it's love  
I sure have found  
Oh boy, come on  
I feel my head go round and round  
Oh, come on
