Shoutin' about it  
There's reason enough to be  
Honey - honey you'll see  
No doubt about it  
It's easy what I'm gonna do  
Oh - dance a little light on you

You can live forever  
Forever and a day  
Just say it whenever  
Ain't no takin' it away  
Ooh I believe you hear me callin'  
Sounds a bit like good news  
Ooh I'll dance a little light on you

You can live forever  
Forever and a day  
Just say it whenever  
Ain't no takin' it away  
Ooh I believe you hear me callin'  
Sounds a bit like good news  
Ooh I'll dance a little light on you
