I'm running, yes I'm running,  
But I see that the end is in sight.  
Shadows have been chasing me,  
But I won't fall for them, not on  
my life,  
Oh, oh, oh, while I'm looking you  
straight in the eyes,  
Oh, oh, oh, I'm running this race for  
the prize.

Trouble's been at my door knocking,  
But I'm living in some other place,  
Called to believe there's a crown to  
recieve  
And a love I will always embrace.  
Oh, oh, oh, while I'm looking you  
straight in the eyes,  
Oh, oh, oh, I'm running this race for  
the prize.

I haven't come here to show, place,  
or draw,  
Winner's gonna take all.  
Oh, oh, oh, while I'm looking you  
straight in the eyes,  
Oh, oh, oh, I'm running this race for  
the prize.
