Ain't nobody lovin' you
Babe like I do
Are you out on the edge of your dreams
Where nothin' is true
You're just waitin' to find
That someone to carry you through
Well it sure looks to me
Like your heart's just breakin' in two

Your sights were all set
And you held tight on the reign
And nothin' could get in between you
And your heart's burnin' flame
But somewhere between here and there
You lost sight of your aim
Now findin' yourself
Is more than all you could gain

I see it written in the rain
There you go round and round again
Looks like it's never gonna end
And you're just "Headin' South"
Somehow I know I gotta get to you
Just as a friend yeah, that'll do
And maybe your heart will follow through
Instead of "Headin' South"

Ain't nobody lovin' you
Babe like I do
And I know all your dreams are for real
That you wanna persue
Yes and I'll still be there
When ah there's ever so few
But there ain't nobody else
In the world can make it for you

I see it written in the rain
There you go round and round again
Looks like it's never gonna end
And you're just "Headin' South"
Somehow I know I gotta get to you

Just as a friend yeah, that'll do
And maybe your heart will follow through
Instead of "Headin' South"

I see it written in the rain
There you go round and round again
Looks like it's never gonna end
And you're just "Headin' South"
