You can find me  
When you need me  
I'll be around  
You're still on my mind  
But I guess until  
This feelin leaves me  
I'm all alone  
On the other side

Well, I still have dreams  
Where you still love me  
That probably comes as a surprise  
But those dreams seem so foolish  
When I remember the day when you walked right by

Is this goodbye  
I'll never know why, oh...

We never talked  
At all about it  
I don't know why  
Don't know whose fault  
But soon I'll be gone  
And for a long time  
And too far gone to work it all out

Well, I still have dreams  
Where you still love me  
That probably comes as a surprise  
But those dreams seem so foolish, now  
When I remember the day that you walked right by  
When I remember the day you walked right by

Left me here and cryin  
Tears in my eyes that you walked right by  
Ah, when I remember the day you walked right by
