I got some good news
Get on your travelin' shoes
We're going over to the Islands
That tropical breeze
Comin' in off the seas
It's calling out and
Baby I am
Takin' us away tonight
601's our flight

I feel love in the air
And once we get there, Baby
We can let our hearts romance to
Slack key guitars
Playing under the stars
We'll watch the Islands girls dance too
Ah memories are everywhere
I wish no one was even there

Cause every night
When the sun's going down
And the waves
Gently crash on the shore
The night'll make a silhouette
And Baby, it'd be my bet

That Island love will steal us away
Takin' us on a holiday
Island love will steal us away

I bet you I'm right
Won't be nothin' quite like
The dreams that we'll share together
And if we're stranded awhile
On that tropical isle
Tell me what could be much better

Cause every night
When the sun's going down
And the waves
Gently crash on the shore

The night'll make a silhouette
And Baby, it'd be my bet

That Island love will steal us away
Takin' us on a holiday
Island love will steal us away
Takin' us on a holiday
Island love will steal us away
