I'm in love  
No mistaken  
I feel that my life  
Has just awoken  
It's your love that keeps me goin'  
I finally found someone that I  
Could give my heart to and know then  
We were givin' it a try  
Oh little darlin', oh  
Am I goin' out of my mind  
Nothin' doin'  
I just love this feelin'  
Of me and you and  
Takin' time for each other  
And you know that means a lot  
I couldn't love any other  
I know what I've got  
It's your love that keeps me goin'  
Day by day it's growin'  
I fell in love without knowin'  
I guess it's just your way of showin'
