I've been lonely too long
I've been lonely too long
In the past days comin' down
I feel like I can't go on without love
I've been lonely too long
I've been lonely too long

As I look back
I can see me lost and searching
I find that I can choose
I'm free oh-oh
So funny I just have to laugh
All my troubles been cut in half

I've been lonely too long
I've been lonely too long
In the past days comin' down
I feel like I can't go on without love
I've been lonely too long
I've been lonely too long

Just see me now
Makes it worth the time I waited
She was all I needed
To make me see
I keep hopin' with all my mind
Everything's gonna turn out fine

I've been lonely too long
I've been lonely too long
I've been lonely so long
I've been lonely too long

Now look at me
Gliding trough this world of beauty
Everything I do brings ecstasy
No wonder I couldn't die
I feel like I'm about
Ten miles high

I've been lonely too long

I've been lonely too long
I've been lonely so long
I've been lonely too long
Gonna find myself somebody
Don't wanna be alone
I've been lonely too long
I've been lonely
