Oooh child, what did you say about it
May be us, well say it again just
For my sake what would it take to hear it
One more time and make me feel so fine
Baby, all my life I've been waiting
I see you in my dreams each night
And baby, what can I say
You have taken my heart away

Oooh child, what did you say about
lovin' me
Oh-ah now let me see
If the stars shine in heaven above
Then I will know you're mine, I guess I got
my sign
Baby, all my life I have been waiting
I see you in my dreams at night
And baby, what can I say
You have taken my heart away

Who'd have ever thought
That you'd be lovin' me
Makin' my heart fly
I cannot tell a lie
You know it's more than I could ask for
It's ecstasy
Honey you and me
Ecstasy

Oooh child, I guess by now
You know you drive me wild
I'm crazy 'bout your style
You're a sweet one
I don't deny
You got a hold on me, honestly
Baby, all my life I have been waiting
I see you in my dreams at night
And baby, what can I say
You have taken my heart away

Baby, all my life I have been waiting

I see you in my dreams at night
And baby, what can I say
You have taken my heart away
Yeah, you did
