"Wake Up My Soul"

Wake up my soul wake up early in the day
Wake up my hands and the instrument I play
Wake up my voice let the world hea me say
You are worshipped and exalted here today

Your lovingkindness is great as the heavens
Your faithfulness is higher than the sky
Be exalted God above the heavens
Let Your glory shine

(repeat chorus)

Well I will cry to my God who does wonders
Under the shadow of Your wings will I hide
Though my enemies try to surround me
Let Your glory shine

(repeat chorus)

You are worshipped and exalted here today
You are worshipped and exalted here today
