I keep hearing bad news so much
Everyday of my life
Everbody keeps talking and talking so much
But I don't see them try

Love, love, love, love
It's so easy to say
Love, love, love, love
It's not easy to do

Freedom ain't no free ride
Some still need to fight
People wave the peace sign
So people can unite

You say you got the blues so bad
But you don't know why
I see people that lose so much
It makes you just wanna cry
Love, love, love, love
It's so easy to say
Love, love, love, love
It's not easy to do

Freedom ain't no free ride
Some still need to fight
People wave the peace sign
So people can unite
Freedom ain't no free ride
Some still need to fight
People wave the peace sign
People can unite
