Ain't no hallucination
is my imagination runnin' away from me
I once was fantasizin'
but now I'm realizin' love is the way for me
My past is lost and jaded,
how long have I been waitin'
oh she's the one for me

I've been lookin' for someone to come
who can make me understand
I've been stoned this time
I got what I pray for
I was alone
but know I what I've waited for
I will stay for you

I've come to my decision
I just can't go on livin' my life without someone
I never had a reason
but you got me believin' that something goin' on
I've been waitin' for someone to come
who can make me understand
Since you came into my life I see
there's a reason why were here

I've been stoned this time
I got what I pray for
was alone
but now I know what I've waited for
I will stay for you
I've been stoned this time
I got what I prayed for ... I'm allright
Was alone
but now I know what I've waited for
I will stay for you

I've been watchin' as the time goes by
now I've got to make a move
Ain't no woman ever notice me quite the way you do
I've been stoned

I've been stoned by love
uhh uhh

I've been stoned this time
i got what I prayed for
Was alone
but now I know what I've waited for
I will stay for you
I've been stoned this time
I got what I prayed for... I'm alright
Was alone
but now I know what I've waited for
I will stay for you

Oh I've been stoned by love
