Drop me off
you can leave me there alone in Winnemucca
I don't need anyone else around
and I don't need to know anyone from town
just put my heart in Gasoline and some money in my
pocket
leave me at Winner's Casino and let me disappear
for awhile

"Cause I just need some time to drop below that
line 'cause
it seems like the only place I know
where nothing's in decline 'cause
there's nothing to do but rise
And all I ask is for a little money and some time
and maybe
if I come back I'll be sane for a while

It doesn't have to be that town
I've just always liked it there
at least if I lose myself
it'll be in a place that felt clear
And all I ask is for a little money and some time
and maybe I'll be sane for a while
