I wanna believe you when you say
Love is here tonight
I wanna believe you when you say
That love is here
I wanna believe you when you say
Good times are near tonight
I wanna believe you when you say
Good times are near

I wanna believe you when you say
Stars will shine tonight
I wanna believe you when you say
That stars will shine
I wanna believe you when you say
You are mine tonight
I wanna believe you when you say
You are mine

And I do, I do, and its you, its you
And I feel so good I feel like I could fly
Will I wait, I'll wait, will I stay, I'll stay
Cos its only here with you that I get high

I wanna believe you when you say
I wanna believe you when you say
I wanna believe you when you say
Believe in you
I wanna believe you when you say
I wanna believe you when you say
I wanna believe you when you say
Believe in you

I wanna believe you when you say
Love will find a way
I wanna believe you when you say
That love will find a way
I wanna believe you when you say
The sun will shine today
I wanna believe you when you say
The sun will shine

And its you, yeah you, what you do, you do

And I wanna tell the world just how I feel
This is love, yeah love, good love, good love
And I wanna tell the world that this is real
