Me, I'm just a simple guy
And no matter how hard I try
I may never show you how I feel

You, may be the woman I love
I sometimes think that you've been sent from above
I am trying to be a man
Heaven knows, I do the best that I can

I'll never let you down
I'll be there whenever you need me
I'll never let you down
Come what may

Me, I'll be a shoulder to cry on
I'll be someone you can rely on
And maybe you may see just how I feel

We may be so far apart
But you still know I've got a hungry heart
We must be patient, it won't last forever
It won't be long until we're together

I'll never let you down
I'll be there whenever you need me
I'll never let you down
I'll be strong, I'll show you how love can be
I'll never let you down
Come what may

We must be patient, it won't last forever
It won't be long until we're together

I'll never let you down
I'll be there whenever you need me
I'll never let you down
I'll be strong, I'll show you how love can be

I'll never let you down
Never let you down
'Cause I'll be there whenever you need me
I'll never let you down

Never let you down
'Cause I'll be strong, I'll show you how love can be

I'll never let you down
Never let you down
'Cause I'll be there
I'll never let you down
Never, never, never let you down
I'll never let you down
