I said, I love you
A thousand times
You don't betray your feelings
But I can read the signs

And stars are shining
On a sea of tears
I show my true emotions
I have felt for all these years

You cannot tell me
That it's got to end this way
There's nothing more to say

I just can't believe
That you'll walk on out that door
When I need you more and more

'Cause I'm falling in love
With you again
After promising to be
Just good friends

You say you need me
But you turn away
I've got to show you how I feel
I've got to make you stay

You cannot tell me
That it's got to end this way
There's nothing more to say

I just can't believe
That you'll walk on out that door
When I need you more and more

'Cause I'm falling in love
With you again
After promising to be
Just good friends

Well, I'm falling in love

With you again
After promising to be
Just good friends

I just can't believe
That you'll walk on out that door
When I need you more and more

'Cause I'm falling in love with you
Yes, I'm falling in love with you
After promising to be
Just good friends

Well, I'm falling in love
With you again
After promising to be
Just good friends

Well, I'm falling in love
With you again
After promising to be
Just good friends
