If you got a little money
Then I'll tell you something funny
Got to keep that money runnin'
Pass it on

Well, it sounded like a riddle
If you wanna make a little
Make a lot, a lot, a lot
Pass it on

So you got to make a livin'
You got to do some givin'
That the life that you're livin'
Aint a thing

But it don't make you clever
If you wear a lot of leather
And you listen to the till go

They're gonna, find you
They're gonna, squeeze you
They're gonna, take you

For every little thing you get, Brett

So pass it on, pass it on
Take a bit of little money
Pass it on
If your finger's on the trigger
But you want to make it bigger
But your finger's on the trigger
Pass it, pass it, pass it on

When the band starts to blow
Everybody wants to know
When they're lookin' for their place
In the cue
When today they might be cuein'
But tomorrow might be booin'
And they;'re gonna put the blame
On you

It's so easy to spot 'em
The boys at the bottom
And the ladder goin' up, don't stop
Up high 'round the fiddle
Got you stuck, in the middle
So they can lift the queen
At the top

They're gonna, find you
They're gonna, squeeze you
They're gonna, take you

You know they're gonna make you sing, Bing

So pass it on, pass it on
Take a bit of little money
Pass it on
If your finger's on the trigger
But you want to make it bigger
But your finger's on the trigger
Pass it, pass it, pass it on

So pass it on, pass it on
Take a bit of little money
Pass it on
If your finger's on the trigger
But you want to make it bigger
But your finger's on the trigger
Pass it, pass it, pass it on

More you give
The more you get
What goes around comes around
But it hasn't come yet

So don't save, Dave
You'll only get a bill, Phil
Just pass it on, John

Just pass it on and on and on and on
And on and on and on and on and on

So pass it on, pass it on
Take a bit of little money
Pass it on
If your finger's on the trigger
But you want to make it bigger
But your finger's on the trigger
Pass it, pass it, pass it on

So pass it on, pass it on

Take a bit of little money
Pass it on
If your finger's on the trigger
But you want to make it bigger
But your finger's on the trigger
But you want to make it bigger
If your finger's on the trigger
But you want to make it bigger
Pass it, pass it, pass it, pass it, pass it on
