My minds going haywired
Ny heart on a good high
Loves burning like red coals
In the middle of a wild fire
Feel nothing but sunshine
Rockin me a big old smile

When it comes to loving you
Baby I'd be crazy not to

Ooh, ain't nothing like waking up and breathing you in
Ooh, it's a beautiful world we're living in
Spinning round and around, to the sound
Of the words I love you
Baby I'd be crazy not to

I'm sipping on a love drunk
Meting from your cool touch
I've never wanted something so sweet much
Every moment in your arms
Are the moments I live for

When it comes to loving you
Baby I'd be crazy not to

Ooh, ain't nothing like waking up and breathing you in
Ooh, it's a beautiful world we're living in
Spinning round and around, to the sound
Of the words I love you
Baby I'd be crazy not to
