[Verse 1]

Light the torches, blow the trumpets  
We're watchmen posted on our walls  
Raise up a people who know Your voice  
A people who follow the cloud

[Pre-chorus]

Awaken our hearts, awaken our hearts  
We declare that,

[Chorus]

This is the Lord's generation  
This is the Lord's generation  
This is the Lord's generation

[Verse 2]

Make us a watchmen of compassion  
Breathe on those slain so they may live  
We speak life to the desert land  
Taking up our weapons, strong we stand
