[Verse 1]

Not too many people are looking, looking for the gold  
Too many people are chasing after, chasing after the  
wind  
If only you knew what was before you, you would  
stretch out your hands  
Could you be blinded from the truth, listen to what we  
say

[Chorus]

The Kingdom of heaven is at hand  
The Kingdom of heaven is at hand

[Verse 2]

Forget all the money and the approval, please don't  
be deceived  
Money and power and so called fame leave us empty  
and dry  
What good is a man if he gains the whole world but  
forfeits his soul?  
Smash all your idols and forget about yourself, Daddy  
is calling you home

[Chorus]

The Kingdom of heaven is at hand  
The Kingdom of heaven is at hand

You need to repent from your sins  
The Kingdom of heaven is at hand
