[Chorus]

Nothing's better than Your presence
Oh, let me drink deep
May my love be poured upon
Your head, Your hands, Your feet

[Verse]

Does not a son know the Father's heart
Does not a bride know her husband's eyes
And don't best friends tell each other secrets
This is why I am alive

[Bridge]

This is why I am alive
To know You, to know You Lord!

[Chorus]

Nothing's better than Your presence
Oh, let me drink deep
May my love be poured upon
Your head, Your hands, Your feet

[Verse]

Does not a son know the Father's heart
Does not a bride know her husband's eyes
and don't best friends tell each other secrets
This is why I am alive

[Chorus]

Nothing's better than Your presence
Oh, let me drink deep
May my love be poured upon
Your head, Your hands, Your feet

[Bridge 2]

I want to know You (x6)
I want to know You Lord!
I want to know You (x5)
I want to know You Lord!
