[Verse 1]

Stop trying to be the next who's who  
Only try to be the next you

[Chorus]

He loves me like I am  
He loves me like I am

[Bridge]

Calling to the masses, "Come and see my ministry!"  
You don't care about Your Fathers will, just wanna be  
on TV  
Your gift can move the body and your gift can move  
the soul  
But the peoples spirits stay dry as a bone  
Too concerned about what the people think  
Not concerned enough about what your Daddy thinks  
They want all the right words and all the right songs  
But He will even take you with your poopy diaper on  
I could be the biggest mess in the whole world  
But it doesn't change His love for me, He loves me like  
I am
