I saw them
I saw them
How'd I get so close oh God

When I'm with my daddy
My innocence is restored
When I'm with my daddy
My innocence is restored
When I'm with my daddy
My innocence is restored
When I'm with my daddy
My innocence is restored
When I'm with my daddy, yeah
My innocence is restored
When I'm with my daddy, yeah
My innocence is restored
When I'm with my daddy, yeah
My innocence is restored, woo hoo
When I'm with my daddy
My innocence is restored
When I'm with my daddy
My innocence is restored
When I'm with my daddy
My innocence is restored

Restore innocence oh, God
Restore innocence of this generation, Lord
Yeah!

He's restoring the innocence, yeah
He's restoring the innocence, yeah
He's restoring the innocence, yeah
He's restoring the innocence, yeah
He's restoring the innocent ones
He's restoring the innocent ones
He's restoring the innocent ones
Innocent ones

Listen
When I'm with my daddy, yeah
My innocence is restored
When I'm with my daddy

My innocence is restored
When I'm with my daddy, yeah
My innocence is restored
When I'm with my daddy, yeah
My innocence is restored

This generation is coming out of confusion, yeah
This generation is coming out of confusion, yeah
This generation, oh, is coming out of confusion
Come out of your sexual confusion
Come out of your doctrinal confusion, yeah

When I'm with my daddy
My innocence is restored
When I'm with my daddy
My innocence is restored
When I'm with my daddy
My innocence is restored
When I'm with my daddy, woo hoo
My innocence is restored
It's restored
Yeah, yeah

No more confusion for my generation
No more confusion for my generation
No more confusion for my generation
No more confusion for my generation
No more confusion for my generation, yeah
No more confusion for my generation
Cause when you're with your daddy
Your innocence is restored
When you're with your daddy
Your innocence is restored
When you're with your daddy
Your innocence is restored
When you're with your daddy
Your innocence is restored
Be excellent in what is good
Be innocent of evil
