I've got a vision of you, 'cause in my mind I see you  
I wanna make love to you, all the time  
Last night I thought I saw you, searching all over for  
you  
You keep escapin' me, you're so hard to find  
Girl, you're like a mystery to me  
Come into my life and free me  
Babe, your lips, your curves excite me  
'Cause girl, you're givin' me, oh oh oh  
You're givin' me ecstasy (Oh, Tumhe chahtaa hu) (4x)  
Girl, you're givin' me, Babe, you're givin' me  
Whoah, you're givin' me, yeah ee yeah ee yeah yeah  
Steppin' on de dance floor, you got me going whoah  
I didn't know what beauty was  
Woman you look so, sexy how you glow  
Other gyal can't come diss you flow  
Just De way how you style, a million bucks smile  
You got de profile of ecstasy  
And de way how you move, you skin is so smoothe  
Your body just tantalizin' me  
Never see another gyal, that make me wanna fall  
Come catch me, I'm fallin' for you gyal  
Goin' outa my brain, I'm goin' insane  
You're like de sun shinin' through de rain  
It's a feelin' so real, you are de real deal  
You got sex appeal, I'm feelin' you  
From de one up above, like a hand in a glove  
Come give me your love  
Ecstasy, (Oh, Tumhe chahtaa hu), You're givin me  
ecstasy  
It was a perfect moment, it was so overwhelming  
Got all of my emotions, in a rush  
You got my body shakin', I think my heart is breakin'  
From flesh to the bone, I've got an instant crush  
Girl, your movement's subtle and warm  
I can't wait to be in your arms  
I wanna feel you inside, these feelings I cannot hide  
You're givin' me ecstasy (Oh, Tumhe chahtaa hu) (4x)  
Comin' outa my dream, you're more than you seemed  
Standing right before my eyes  
I've waited so long, de feeling's too strong

De chemistry's got me hypnotized  
You're all that I need, there's no in between  
Gonna give you all of my love  
You're de part of my soul, I've finally got a hold of you  
The one I'm dreamin' of  
When your body moves, I'll be in you groove  
Our bodies are one you and I  
Woman you're so fine, our bodies and minds  
Just got to intertwine  
Ecstasy, (Oh, Tumhe chahtaa hu), You're givin me  
ecstasyâ€¦.
