Hands in de air (2) Put it up, now
RPM, this is the anthem, play it from the top, stop, pull it
up (2x)
We've got to party (3x) tonight; We've got to party (3x)
Well, This one for my people inside de party
You come pan de dance 'cause you wanna feel nicey
This a you thing just groovin' de music
No matter who your are, you know that you can do it
Feel how de baseline tellin' you body
To move and sway and you look so sexy
This kinda jam just makin' you feel right
You done know that tonight is your night
We've got to party (3x) tonight
Me and my crew (3x) just watch how we do it
Me and my crew, we passing through, gettin' some
brew, that's what we do
Inside ad club, you know that's my hub, jiggin' to the
dubs and we getting some love
You know you look good profilin' you goods, are you
feelin' my mood
Just how you move you sexy body, it make me, uh uh
We've got to party (3x) tonight; We've got to party (3x)
Throwin' back a few with some of me best friends
De night is young and ah don't want it to end
Go by de bar and they know what you drinkin'
Red or black or white or de blue thing
This kinda drink just makin' you feel right
You done know that tonight is your night
Brew or bubbles or a cherry lemon twist
Or something smoothe to make you put it up like this
Put put put it up now (3x) hands in de air
Put put put it up now (3x) lemme see you put it up now
RPM, this is the anthem, play it from the top, stop, pull it
up (4x)
We've got to party (3x) tonight; We've got to party (3x)
RPM, this is the anthem, play it from the top, stop, pull it
up (4x)
