The pain  
The stress  
The trials and tribulations  
The hustle  
The grind  
The hate  
The money  
The problems  
So what a G gotta go through  
Its what hustlers do  
We America's most wanted  
Ross, Jalil, DJ Khaled

Chorus:

See me on the corner  
Americas most wanted  
No we never running away x4  
And now that we made it  
We ain't going nowhere  
No we never running away x4

Verse 1

I'm here to make history  
Claim another victory  
Tell them haters that miss me  
I done rammed up 150  
Swiftly invade playing haters and weirdos  
Getting money everyday that my beard grows  
Shining like a higher power  
Sayonara  
Fast money running shit a hundred miles an hour  
Ross and Jalil flossing Bugattis for real  
Getting money in your city regardless of how you feel  
Americas Most  
Cleveress quotes  
American money from that Mexican dope boss  
My watch, Swiss  
My rocks glisten  
History in the making (Jalil)  
Watch this

Chorus:  
See me on the corner

Americas Most wanted  
No we never running away x4  
And now that we made it  
We aint going nowhere  
No we never running away x4

Verse 2:  
I done been through the struggles  
Now I'm fighting a war  
Just to get to the top  
And I done witness my mother passing away  
And my new brother Niko getting shot  
Sixteen it was me against the world  
And my pops hospitalized  
To cut and weave hair  
To me there was no point on doing good  
But I started off grinding  
and now I made it out the hood  
There's nothing I aint been through  
Nothing that I aint do  
I done been through hell and back  
Now I'm looking for my angel  
Looking for a mentor  
Running from the police  
Jersey got my back so no I aint running lonely

Chorus:  
See me on the corner  
Americas most wanted  
No we never running away x4  
And now that we made it  
We aint going nowhere  
No we never running away x4  
We aint running away  
No no no  
Woahhhh

Jalil, Fipstar, Ross

Drop dead beats  
We aint running away
