To deal with a dude like me baby, you gotta be the  
HBIC

The head bitch in charge callin' all the shots baby  
Can't be scared to gamble, gotta roll the dice  
Feel me? Scared money don't make none

Shorty look I know my ego looking forty foot  
Big chain and not talkin' 'bout the naughty look  
Mine Gotti unless I'm lookin' for the sporty look  
He young and rich and bitch that go without a  
argument

My kicks brown and now I'm looking for Rhianna 'n'  
dem  
Smoke junky kush funkier than parliament  
What's the problem then girl fuck apartments  
Move in with me on the beach now you're top ten

You can do the spa, see a newer car  
These my feelings and I'm really feeling who you are  
Baby light brown with the right smile  
First lady and she ready for the White House

Baby you, you shine just like I do, just like you're  
supposed to  
Everyone knows you're the boss's girl  
My diamond envy of all your friends  
Big moves that we're making got us on top of the world

You're the boss's girl  
Baby you're the boss's girl  
Said baby you're the boss's girl

Fresh limousines, tall waterfalls  
Valet at the crib, my cars, I love em' all  
Boss lady, she the head bitch in charge  
She asks for head first so she gets it off top

Champagne pop, rubber band knots  
Multi-millionaire no that other man not  
Let her call the shots, she want me on the top  
And the way I want it, it will be a month before I stop

Kinda walk funny, stumble out the bed  
Snap of her finger, niggas pickin' up her tabs  
Walking through the mall, got me carrying her bags  
I gotta pause 'cause this muthafuckas bad

Baby you, you shine just like I do, just like you're  
supposed to  
Everyone knows you're the boss's girl  
My diamond envy of all your friends  
Big moves that we're making got us on top of the world

You're the boss's girl  
Baby you're the boss's girl  
Said baby you're the boss's girl

Cruising down Collins, knocking Trick Daddy  
When I'm upset all my niggas trigger happy  
Do me a favor watch your behavior  
'Cause I'm insane, send you straight to your savior

Looking at my savings, baby I can save ya  
Take you parasailing straight to Jamaica  
Ya man a boti boy with the bumbaclots  
You deserve better

Six car garage, come in late night so I'm airport  
As I take flight I'm your Air Jordan  
We the world champs, come and ball with us  
Gotta take my time when I put it all in her

Baby you, you shine just like I do, just like you're  
supposed to  
Everyone knows you're the boss's girl  
My diamond envy of all your friends  
Big moves that we're making got us on top of the world

You're the boss's girl  
Baby you're the boss's girl  
Said baby you're the boss's girl
