Baby I den spend a million in a week

It aint nothin as pretty as your smile

Looks like the skyline

Anything that you want, anything that you can have
I ain't with the shopping shorty throw it in the bag
I'm from the bottom of the map, I'm made for the top
The skyline bluer than the blocks in my watch

My baby scream my name every time it rains *ross*
I know she feel my pain shorty nothing goes in vain
All I do is smile at the bumps and the bruises
Cruising in the coupe or jump in the Land Cruiser

Our relationship is far more sacred
Success complicates it so back to the basics
Wishing I could by time, eyes closed just picturing the
skyline

If you want to go up high, I'll make it worth your while
To the penthouse suite, just you and me
Caviar, shut door, and privacy
If you want to go up high, like diamonds in the sky
To the penthouse suite on the balcony
Pull the curtains back so you can see the...
Skyline (trina: all this for me?)*ooh ooh*,
Skyline (trina: I'm lovin it)*ooh ooh*,
Skyline*ooh ooh*,
Skyline (trina: you could be anywhere in the world right
now but with me)*ooh ooh*,

****TRINA****

I done heard it all from the ying to the yang
I done bought it all...Louie V to Vera Wang
I went from Coach to First Class on all flights
Then Coach to Hermes all ice

I put my life in this music and been around the world

Most men are losers and put that on my word
Like my top in the summertime, nigga get lost
I need fresh air, so it's time to take off
I might get a massage, I might have a menage
I might sit back and watch them play like a Lebron

Baby still the bomb, you ladies not a threat
When I detonate your man whole face wet
Better check ya set, cause I could write a check
My skyline blue so my view is the best
I was seventeen in my blue VVS
You didn't have a clue girl your shoes was a mess
Shine comes with time, mine came with grindin
Everyday of my life, Imma put it on the line

If you want to go up high, I'll make it worth your while
To the penthouse suite, just you and me
Caviar, shut door, and privacy
If you want to go up high, like diamonds in the sky
To the penthouse suite on the balcony
Pull the curtains back so you can see the...
Skyline*ooh ooh*,
Skyline*ooh ooh*,
Skyline*ooh ooh*,
Skyline*ooh ooh*,
