I don't make love, baby we make magic  
Come home with a thug lets get shit crackin  
always wear plastic baby cause shit happens  
she leave the back seat just to freak in the magnum  
hoped out the magnum hopped in the tre'  
just to let the top back nd thank god for the day  
who gives a fuck what a hater got to say  
i made a couple million dollers last year dealin weight  
still in the streets, strapped with them thangs
