I've been so many places in my life and time
I've sung a lot of songs and I've made some bad
climbs
I've acted out my life in stages with ten thousand
people watching
Oh, but we're alone now and I'm singing this song for
you
I know your image of me is what I hope to be, I've
treated you unkindly
Oh, but Darling can't you see that, there's no one more
important to me
Baby, baby, can't you see through me, 'cause we're
alone now
And I'm singing this song to you, you taught me
precious secrets
Of a true love withholding nothing, you came out in
front
When I was hiding, yeah, yeah, but now it's so much
better
If my words don't quite come together, please listen to
the melody
'Cause my love is in there somewhere hiding
I love you in a place where there is no space or time, I
love you for my life
You are a friend of mine, and when my life is over
Remember, remember, remember when we were
together
And we are alone now, and I was singing this song to
you
We were alone, and I was singing, yeah singing
We were alone, and I was singing this song for you
Singing my song, I'm singing my song for you
