If I say forever made up my mind
Cause we're still together, and I know you're mine
Cause you saved me, baby, from the gates of hell
When the game was over, and the darkness fell

Chorus:

All I ever do is smile
When I think about you baby, smile
Even when I'm by myself, smile
When I see you coming baby
Knowing that there's no one there
All I ever do is smile
Smile
Oh yeah
All you got to do is smile
All you got to do is smile
All you got to do is smile

Now the night is over like a memory
Will you take my hand and come with me
If you love me baby
And you feel the same
Then I hope you don't mind if you share my name
When I think of you
All I ever do is smile
When I think about you baby, smile
Even when I'm by myself, smile
When I see you coming baby
Knowing that there's no one there
All I ever do is smile
Smile
Even when I'm by myself, smile
When I see you coming baby
Knowing that there's no one
I've got to smile
Smile
Oh yeah
Oh yeah
All you got to do is smile
All you got to do is smile
All you got to do is smile

Oh yeah, oh yeah
Smile, smile baby
Smile smile baby
