Feel you, hold you, taste you as you travel  
Deep into my senses, so refreshing

Soon you will open up the door  
Feel my eternal love  
So pour yourself right into me  
Too much is never enough

I love love  
You need a love  
Don't be afraid  
Just ask for more

I need love  
You have love  
Don't be afraid  
Just ask for more

Come feel love  
Come taste love  
Just ask for more  
Da da de da,  
da da de da,  
da da de da,  
da da de da (Ha ha, ha ha)

Give the love a chance to speak to you  
And its voice will bring passion  
As I taste you in your silence

I feel the love  
When we're having fun  
So pour yourself right into me  
Too much is never enough

I love love  
You need a love  
Don't be afraid  
Just ask for more

I need love  
You have love

Don't be afraid  
Just ask for more  
Deserve love  
Touch this love  
Don't be afraid  
Just ask for more

Come feel love  
Come taste love  
Just ask for more

Da da de da, da da de da  
(Ha ha, ha ha, ha ha ha)  
Da da de da, da da de da  
(Ha ha)

Feel you, hold you, taste you as you travel  
Deep into my senses, so refreshing

Soon you will open up the door  
To my eternal love  
So pour yourself right into me  
Too much is never enough

I love love  
You need a love  
Don't be afraid  
Just ask for more

I need a love  
You have a love  
Don't be afraid  
Just ask for more

Deserve love  
Touch this love  
Don't be afraid  
Just ask for more

Come feel love  
Come taste love  
Just ask for more

Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah

Come taste the love  
You're looking for  
Ask for more  
Come taste the love  
You're looking for  
Ask for more

Come taste the love  
You're looking for  
Ask for more

Come taste the love  
You're looking for  
Ask for more

Come taste the love  
You're looking for  
Ask for more

Come taste the love  
You're looking for  
Ask for more

Come taste the love  
You're looking for  
Ask for more

Come taste the love  
You're looking for  
Ask for more

Come taste the love, love, love
