How do I tell you good-bye

When everything is normal

You haven't given me a single reason

How do I tell you that

Another love has come to me

More intense and more alive

Than our love

And I feel guilty

You don't deserve more pain/heartache

I don't know how to say good-bye

How to end the relationship How to tell you about it

Without shattering your hopes and dreams

I just don't know

When I'm with you

I want to tell you about it

And I lack courage and keep quiet

I imagine you crying

Asking why

What have you done wrong

Yes, we call each other (our relationship) a habit

(But) there's no longer a desire to love

Just to talk

I don't know how to say good-bye

How to end the relationship

How to tell you

Without shattering your hopes and dreams

I don't know how to tell you good-bye

How to end this song

With a happy ending

For your heart

I just don't know
