I don't know why

I'm tired of love

It's just that I feel lost

and without a reason

If you saw how I was doing

You would understand my obsession

I've run out of patience

My life is moving too fast

I can't take it anymore

I'm tired of

Playing around at love

Where could you be?

I don't even know if the love I'm looking for exists

I don't believe all the love affairs I've had

I don't understand how I could be so cruel

Everyday I changed partners

For pleasure

And now that I look back on it

I feel embarrassed, nothing more

I can't take it anymore...

Where could you be...

If you could see how I'm doing.

I can't take it anymore

I love you, babe

I can't take it anymore

I'm tired of

Playing around at love

Where could you be?

I don't even know if the love I'm looking for exists
