Before daybreak comes

And you return to your normal life

You have to understand that between the two of us

Everything has been pure and natural

You, crazy obsession

You have been mine

Only one time

Sweet irony

Fire at night, cold as ice during the day

Later you get up and leave

He's waiting for you like always

You flash your normal smile

White, but cold like snow

You, crazy obsession

You have been mine

Just once

Sweet irony

Fire at night, cold as ice during the day

And meanwhile I'm left here without you

Like a hurricane, furious and feverish

So much passion, so much boldness, oh, you

Fire at night, cold as ice during the day
Night after night, blank, without sleeping
I burn up between the sheets of my bed
I know you're about to come
But the only thing that comes is the morning
You, crazy obsession...
Meanwhile I'm left here without you...
Fire at night, cold as ice during the day
