It is stronger than plasure,  
Much stronger than passion,  
Because of that, I feel this way today,  
Because of you,  
I don't know how to explane it too,  
I am walking behind your body,  
Which lefts me without words,  
It is the charm of this love,  
Which is shining on my heart,  
I can talk only about you,  
I am looking in your eyes,  
And I don't know where my head is,  
I wanna feel and see you beside me,  
I want you and your body,  
I want to take you deep in the clouds,  
To play with your skin,  
I wanna see you between the clouds,  
Lost your mind because of me
