She is a special woman

As if she fell from another planet

She is a carnal labyrinth

She traps without you knowing

That is Maria

White like the day

But is poison if you want to fall in love

That is Maria

Hot and cold

If you drink her she will kill you

One, two, three

One step forward, Maria

One, two, three

One step back

Although I have to kiss you

She is like a mortal sin

Who condemns you bit by bit

She is a sexual reflection

Who drives you crazy

That is Maria

White like the day...

That is Maria

Hot and cold...

One, two, three

One step forward, Maria

One, two, three

One step back

Although I'll die now, Maria

Maria, to me she gives me more
