I want to hide in your eyes  
Hold you tight and wrap this night around me  
I want to feel, to feel you breathe to be  
To be where you are, where you are

To hold while you're sleeping  
To be there while you're dreaming

I wish that we could stop time tonight  
Stay in this moment forever  
I wish that we could live in this kiss  
And stay just like this together, together

I want to lay here with you  
Kiss you slow and hold you close forever  
I want to reach and feel you near, right here  
Right here in my arms, in my arms

To hold you while you're sleeping  
To be lost in this feeling

I wish that we could stop time tonight  
Stay in this moment forever  
I wish that we could live in this kiss  
And stay just like this together, together

I just want to stay with you for always, always  
I don't want this night to end  
To hold you while you're dreaming

I wish that we could stop time tonight  
Stay in this moment forever  
I wish that we could live in this kiss  
And stay just like this together, together

Wish that we could stop time tonight  
Stay in this moment forever  
I wish that we could live in this kiss  
And stay just like this together, together

Stop time tonight  
Stay just like this, baby

Together, together  
Stop tome, tonight
