Met you underneath the moon  
The night was over much too soon  
We shared a kiss till daylight came  
And kissed the night goodbye  
When the sun came up that day  
We smiled and went our separate ways  
But I can't leave the thought of you behind

CHORUS:

Oh, you stay with me  
You stay with me  
Oh, in my heart  
And on my mind  
Oh, like a melody that keeps haunting me  
Oh, you stay

I look inside the small caf s  
And hope by chance I'll see your face  
I hear your voice and realize  
It's just the summer wind  
Something in your eyes that night  
Swept away this heart of mine  
Now I just want you in my arms again

CHORUS:

Oh, you stay with me  
You stay with me  
Oh, in my heart  
And on my mind  
Oh, like a melody that keeps haunting me  
Oh, you stay

How was I to know in that one night  
My whole life would change  
From the moment I looked in your eyes  
I've never been the same  
And if I could have one chance to have that  
Moment back again  
I'd never let it end  
I'd never let it end

Met you underneath the moon

The night was over much too soon  
We shared a kiss till daylight came  
And kissed the night goodbye  
When the sun came up that day  
We smiled and went our separate ways  
But I can't leave the thought of you behind

CHORUS:

Oh, you stay with me  
You stay with me  
Oh, in my heart  
And on my mind  
Oh, like a melody that keeps haunting me  
Oh, you stay

Oh, you stay (2x)
