Met you underneath the moon  
The night was over much too soon  
We shared a kiss till daylight came  
And kissed the night goodbye  
When the sun came up that day  
We smiled and went our separate ways  
But I can't leave the thought of you behind, no

Ohh oh, you stay with me, you stay with me  
Ohh oh, in my heart and on my mind  
Ohh oh, like a melody that keeps haunting me  
Ohh oh, you stay

I look inside the small cafes  
And hope by chance I'll see your face  
I hear your voice and realize  
It's just the summer wind  
Something in your eyes that night  
Swept away this heart of mine  
Now I just want you in my arms again, oh

Ohh oh, you stay with me, stay with me  
Ohh oh, in my heart and on my mind  
Ohh oh, like a melody that keeps haunting me  
Ohh oh, you stay

How was I to know in that one night  
My whole life would change?  
From the moment I looked in your eyes  
I've never been the same

And if I could have one chance to have that  
Moment back again  
I never let it end  
I never let it end

Met you underneath the moon  
The night was over much too soon  
We shared a kiss till daylight came  
And kissed the night goodbye  
When the sun came up that day  
We smiled and went our separate ways

But I can't leave the thought of you behind

Ohh oh, you stay with me, you stay with me  
Ohh oh, in my heart and on my mind  
Ohh oh, like a melody that keeps haunting me  
Ohh oh, you stay  
Ohh oh, you stay  
Ohh oh, you stay
