Teardrops, teardrops  
Can't catch you, if you fall  
Can't erase the memory  
Of a love that's gone wrong  
Can't chase away the misery  
When it comes to call  
Teardrops, teardrops  
Do me no good at all

Nothin's lonelier than lonesome  
Ain't nothin' good with goodbye  
I just want the hurtin' to be over  
But what's the use to sit and cry

Teardrops, teardrops  
Can't catch you, if you fall  
Can't erase the memory  
Of a love that's gone wrong  
Can't chase away the misery  
When it comes to call  
Teardrops, teardrops  
Do me no good at all

Teardrops, teardrops  
Can't catch you, if you fall  
Can't erase the memory  
Of a love that's gone wrong  
Can't chase away the misery  
When it comes to call  
Teardrops, teardrops  
Do me no good at all

Teardrops, teardrops  
Do me no good at all
