So here I am writing you this letter
Looking for the words to make things better and
Every time I think I've finally found them
I find myself staring at a mountain
Of crumpled paper with ink stained hands
Broken promises and messed up plans
No idea how to get this through
All I know is I just gotta tell you

I never meant to say what's on my mind
I wish that I could some how make it right
There's no excuse for everything I put you through
I never meant to laugh when I saw you cry
I know it's kinda late to apologize
I swear it's true, I'm gonna make it up to you

Sorry if you think it's kind of shallow
But this guilt is getting hard to swallow
I don't know what was going through my head
I take the blame for every tear you shed
I meant it good but it turned out bad
And it cost me the best thing I ever had
No idea how to get this through
All I know is I just gotta tell you

I never meant to say what's on my mind
I wish that I could some how make it right
There's no excuse for everything I put you through
I never meant to laugh when I saw you cry
I know it's kinda late to apologize
I swear it's true, I'm gonna make it up to you

Just let me try
Just let me try
Try to apologize

I never meant to say what's on my mind
I wish that I could some how make it right
There's no excuse for everything I put you through
I never meant to laugh when I saw you cry
I know it's kinda late to apologize
I swear it's true, I'm gonna make it up to you

I'm gonna make it up to you
I swear it's true, I'm gonna make it up to you
