Fell asleep too early,  
Resting my eyes,  
Woke up late this morning,  
Missed the sunrise,

Every breath I am breathing,  
Takes me closer to a story ending,  
Where I die inside,  
Then you reach for me,  
A little bit of hope is all I need,

Hold me in your arms of,  
Love me I can't get enough of everything you are,  
Everything I have dreamed,

I guess it's not so easy,  
Starting over,  
And this is the beginning,  
Now I am older,  
Everything seems clearer,  
Since I found you,  
Nothing could be better,  
As I walk away,  
And everything I do,  
The love you give,  
I'll give right back to you,

Hold me in your arms of,  
Love me I can't get enough of everything you are,  
Everything I have dreamed,

And I will follow you no matter where I go,  
Leave me on,  
All of my life you were the one the one who left me  
breathless,  
Just when I'd fall you'd pick me up and prove your love  
is endless,  
And through my heart I saw this voice I'll stand and live  
for the truth,  
You never leave but I keep running after you,  
I am always running,

Hold me in your arms of,  
Love me I can't get enough of everything you are,  
Everything I have dreamed you are,
