So this is what it's like to be alive
Wide awake I open up my eyes
Tell me what this liking really means
But nothing in my head is what it seems

Sooner or later, You'll be the shadow
Crawling in my head.
Take it or leave it, you're like a sickness
I am infected.

This is what it's like to be alive
Darker days have taken up my time
A little change is all I really need
Take me down a road I'll never bleed

Sooner or later, You'll be the shadow
Crawling in my head.
Take it or leave it, You're like a sickness
I am infected.

When everything is going wrong
Turn around and get me on
Take the bait and say goodbye
You can leave this world tonight

You were meant to feel the sun
And burn away from everyone
When you feel so far from home
Close your eyes cause

Sooner or later, You'll be the shadow
Crawling in my head
Take it or leave it, You're like a sickness
I am infected

Take it or leave it,
You're like a sickness
I am infected
(I am infected)

I am infected.
