it started on a wednesday afternoon
that's when fate lead me to you
four books and a small table for two
over cold black coffee
spilling everything that's in your head

but i wasn't listening to what you said
my eyes gave it all away

ooh just like that
you make me wanna smile
and ooh just like that
can't get you off my mind
how unexpected i never would've
guessed it was you
just like that (just like that)

next thing i know
it's getting late and they're turning out the lights
ain't it funny how the time flies
just when i thought it was goodbye
you say let's get outta here

ooh just like that
you make me wanna smile
and ooh just like that
can't get you off my mind
how unexpected i never would've
guessed it was you

you caught my heart and me off guard
ooh ooh boy and all i know is
you caught my heart and me off guard
ooh ooh boy and all i know is
you caught my heart and me off guard
ooh ooh boy all i know is
all my walls came down uh

ooh just like that
you make me wanna smile
and ooh just like that

can't get you off my mind
ooh just like that
you make me wanna smile
you make me wanna smile
and ooh just like that
can't get you off my mind
how unexpected i never would've
guessed it was you
i never would've guessed it was you
just like that (just like that)
just like that (just like that)
just like that
