If you really mean what you said to me  
And you got to have me in your life  
If I'm all you need, all you'll ever need  
Starting with tonight

If you're ready now, if you have no doubt  
And your love is something that you're  
Really sure about  
And you couldn't live without

If you're serious  
If you wanna make it last  
If you're serious  
Then this is all I ask

Just believe in us  
All we have to do is try  
If you're serious  
So am I

If you wanted this like I wanted this  
And you cannot wait any longer  
And this means to you what it means to me  
Oh, baby

Then I ready now and I have no doubt  
My love for you is something that I'm  
Really sure about  
And I couldn't live without

If you're serious  
If you wanna make it last  
If you're serious  
Then this is all I ask

Believe in us  
All we have to do is try  
If you're serious  
So am I

Still some nights I lie awake and wonder  
How we're ever gonna make it

And I think a lot about how much it's gonna take  
And I think about how much we had each day

If you're serious  
If you wanna make it last  
If you're serious  
Then this is all I ask

Just believe in us  
All we have to do is try  
If you're serious, baby  
So am I

Ooh  
If you're serious  
So am I
