#### Verse 1:

My team be flippin' compositions trippin' opposition on  
the grounds

Our fearsome sounds make eardrums bounce  
Bounce, people! Imagine being a B-ball  
Frankly now I demand your respect like Aretha

What you want - I got it on my pinky spinnin'  
Dribbling til you pass out - we winning  
Attack from the beginning like a croc around for ages  
I'm a clock rounding playas 'til you're askin' what the  
day is

And I'ma say it's yesterday that's how I play ya  
Yester you's as blind as Stevie no wonder you miss my  
lay up!  
On my way up like Fred it's like I step on a stair  
Up there I make a funny face and yell fuck yeah!

Like Space Jam I'm in ya face man  
I place them B-balls like paper slam dunked in a waste  
bin  
Lovin' the fact that fight goes on  
like Michael Jordan I can score night 'til morning

#### Chorus:

Riff Knives, jump high, playin', B-ball!  
Riffs like rapacious razors rapping stages  
Sharp Knives mics gonna slice your laces  
Riff Knives, jump high, playin', B-baaaaaaall!  
Max the sky now clash the Titus  
Mark the pit so they know who's fightin'

#### Verse 2:

Agility of a rapper, small forward attacker  
Runnin' round in circles make a point guard enwrapper  
All harder, and faster, and better, and stronger,  
Endurant, intelligent, surely not longer but the  
Tip of the tongue got dexterity  
Spinnin' vinyl kit like insanity  
Takin' it too far but the crowd is feelin' me,

Deliver a show - aint that what people here to see?  
When I dribble the B-ball it's like I scribble the papel  
In need to feel Black Eyed Peas's retard,  
Head to head with him Kobe Bryant, I know no fear  
Roarin' like a lion see I really need nothing that I don't  
have  
As I enter the court with my army and  
Riff Knives be the act on everybody's lips  
But then we stop, to get chips and drinks.

Chorus:

Riff Knives, jump high, playin', B-ball!  
Riffs like rapacious razors rapping stages  
sharp Knives mics gonna slice your laces  
Riff Knives, jump high, playin', B-baaaaaall!  
Max the sky now clash the Titus  
Mark the pit so they know who's fightin'!
