Hey guys!
Welcome back to The Super Awesome Remover!
Now all you motherfuckers come get this pussy

T-Time
Lesbians
(People screaming)

T-Time
Man what's going on the world
Got two beautiful girls in my life
Now all I need is a wife
Hunting for a change
Taking the chance to make a difference in my life
Make another day come and have a little strife in my
self
Cos you see It cuts like a knife
I'm sick and tired of these bitches coming in with a
manipulating story
I'm gone with the glory
Watching the same old shit and it's so boring
But knock knock knock
Who is this
An bald-headed man and asks me to make a
infomercial with my number one girl
Try to tell her how she rocks my world
I'm a speed demon
And she's a bad bitch
Licking on a lollipop is like a Teenage Witch
Gone for the brokers
Down to the robbery
Now I'm a grown man
Gone through puberty
Finished
