Whoo...

It Feels great to be back again

Rifle Unity

T-Time

In a decade of years

We've gone through the tears

We've gone through the rain and gone through the
pain

But it feels great to be back again

My sisters and I gonna show you the end

But even though we might have to go

Somehow nowadays people they come, they go!

Only these bitches try to make us a row

Now we even and so on and so

So now we hand blocked

Motherfuckers are deadlocked

While we at the studio

They round there sucking cocks

And sticking them in their farthole

Better make sure you have condoms

Cause this might be the last time that you will ride on
them

I'm using these bullets but they're already used

Baby I gotta go to court but now I'm confused

Sorry I'm not leaving so I refuse

This shit more better than being abused

I'm over the wall

I'm going through a fall

I've been given life but that's not a law

So goodbye

This'll be our last time

And maybe next time

We'll show you a shine

Chorus

This'll be the last time you will see us 6X

Treni-Pooh

Ready for anything

Get it on in the night

So It's a girl thing

Get this pussy and you'll remember what you say to me
You'll be talking in tongues when you're done with me
Shit you'd rather be
Fucking me until the day I'm gone
This is the reason why I'm about to be done
This verse
What's the worse
That can happen
This shit gonna be zapping
You gonna tapping in your draws when you done with
me
Haha
Now look at you when I'm pinning
Thi is the ending
I'm finished
